After all, is the attitude of France, in regard to Dreyfus, any uglier than the attitude of America in regard to the Philippines?

We trust that Mr. J. P. Caldwell, the cultured and hard-working editor of the Charlotte Observer, will find rest and recreation on his European trip. He needs it.

Some of the papers want President McKinley to appeal to France to vindicate Dreyfus. But Willie had better not do that. President Loubet might appeal to America to vindicate the Philippines.

Cornelius Vanderbilt has gone over to that undiscovered shore, leaving behind a fortune of \$100,000,000 piled up safe from the greedy hands of the thousands starving for bread. Peace to his ash.

The people are waiting patiently for that "stirring" news from the Philippines. But we are afraid that our patience will remain unrewarded till a stronger spoon than Otis shall have been commissioned to do the "stirring."

A cemetery for dogs is to be opened on one of the islands of the Seine, near Paris. A company with a capital of \$60,000 has been formed for the purpose.

What forethought and kindly solicitude for their dead the French have. May the bones of Esterhazy, Mercier and the rest of those canines repose there in tranquillity.

The cry, They come! John F. Rowland, one of Rutherford county's most prominent republicans, comes out for the amendment. At the present rate in a short while an effort by the "party leaders" to read these "doppers" out of "the party" will bear resemblance to the effort of the tail to wag the dog.

It is reported that the water power at Danbury, owned by the heirs of Col. J. M. Beck, of Raleigh, has been bought by some company and will be utilized. We hope this is true. There is an immense force lying where the Dan bends at Danbury, a force which should give a splendid account of itself to the industrial world.

The Norfolk Landmark figures out that the American people are paying about \$140,000,000 a year by way of subsidy to the "infant industries" through the operation of the Dingley tariff bill, an outlay of \$140,000,000 more to keep the pension trough full, besides the expenditure of something like \$180,000,000 a year for carrying on the war in the Philippines.

The "American people" are full-fledged sports these days. They are scattering the queer around like they have it to burn.

Among the big fellows at the ring side were Tom Sharkey, Bob Fitzsimmons, Kid McCoy and Jim Corbett. Each one of this quartette met with a warm reception, but when John L. Sullivan walked down the aisle and took a seat in the box at the ringside, a mighty cheer greeted him.—From the Associated Press report of the McGovern-Palmer prize fight.

Sullivan ever occupies the warmest place in the heart of the public. His name is a household word all over America, and even the pious preacher never fails to read any mention of him in the papers with keen interest. Of all the sluggers, John L. has always proved himself to be the whitest man of the ring and the most gentlemanly brute of the whole push.

While there will doubtless be no official action taken by any of the governments toward boycotting the French exposition, yet thousands of individuals who had contemplated taking big hands in the great show will abandon their exhibits, owing to the disgraceful attitude France has

assumed in the Dreyfus affair. This is probably very wrong and absurd, as President Loubet and many other prominent Frenchmen desired the freedom of Dreyfus, and were not in sympathy with the base prostitution of the law by the Rennes court martial. Still the shocking deed has been done, and France's world's fair is going to be a great sufferer because the nation stood by and passively permitted it.

There is a depth of pathos in the report of the illness unto death of Dreyfus—that after the fearful, prolonged strain, having been buoyed by the faint hope of final freedom and restoration to his loved ones—the disappointment of the verdict came as the last straw, and the poor man reels to his fate.

But there is no disgrace, no odium, attached to his name. He has been tried before the bar of the world and found innocent—while the plotters against his life are marked as the blackest set of scoundrels of modern history. The condemned man will doubtless welcome the kindly approach of death against his return to the tortures of the military prison.

"There is retribution in history."

Shopping.

She screamed in terror when her purse was snatched from out her jewelled hand, and hurled a modest semi-curse toward the fleeing, bold brigand; and when the copper caught the thief she seized the purse with anxious air, and breathed a sigh of sweet relief. To find her treasures all were there.

A penciled note
Her fellow wrote,
A sugar plum,
A wad of gum,
A hairpin (bent),
A copper cent,
A button hook,
With broken crook,
A safety pin,
A curling tin,
A powder rag,
A sachet bag.

These were the treasures which she bore around with her from store to store. While on a shopping tour, to see the many pretty things which she would love to buy if she but had the cash, and with a smile so glad it almost made the copper sneeze. She thanked him, and with sprightly ease

Tripped on to seek another store. Or two where she could shop some more.

"I'm afraid," remarked the stamp on the love letter, "that, strictly speaking, I'm not sticking to facts."

Wigg—"Dashaway must have changed. I'm told he treats his wife very gently now." Wagg—"Yes. Negligently."

Hoax—"Say, old chap, recommend something good for a cold in the head." Joax—"A handkerchief is the best thing I know of."

Wife—"I can't detect any difference between this cologne at \$4 an ounce and this at \$6. What shall I decide on?" Husband—"Oh! use common sense."

Housekeeper—"I should think a big, strong man like you would be at work somewhere." Hobo—"It's dis way, lady, I'm kep' so busy lookin' fer work dat I can't take a job anywhere."

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. Pursuant to the power vested in the undersigned by a mortgage deed executed by James C. Elliott and Rodema H. Elliot, his wife, to J. C. C., on Saturday, October 16, 1899, the following described land, to-wit:

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the bone and scrape it. Before a great while the cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.

Absolutely the only hope for Cancer is Swift's Specific.

S.S.S. For the Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

SOUTHERN DINING CARS.

Impromptu Praise of a Man Who Had Eaten Supper.

A well-dressed, distinguished-looking gentleman stepped off the fast mail at Elm Street Station last night and approaching a Telegram reporter pointed to the elegant dining car, and as he picked his teeth said:

"You see that car?"

"The reporter told him yes."

"Well," said he, "the Southern has a splendid service. All the way through, but its dining cars are doing more to advertise the road and increase travel than any other feature."

"How about the cooking and service of the meals?" I asked.

"Fire-class. You don't get a better meal anywhere, and the price is reasonable. I tell you, it is a pleasure to take a trip on this train. Everything you need for comfort and to satisfy the appetite is right on the train, and—"

"All aboard," shouted the conductor.

"Good-bye," said my new and unknown friend, as he swung on the steps and the elegant train moved away.

There is a story of a man who was so busy looking at the stars that, as he walked, he stumbled into a well. That is the story of a typical man, too busy

looking at things away off, to notice more important things near by.

One-sixth of all deaths are from consumption. But the man goes along with his eyes bulging to watch cholera and yellow fever. He disdains to cure the cold or check the little cough, and consumption trips him up.

Don't neglect little ailments. Keep the system up to the point of effectual resistance against disease. This is best done by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, cures all disorders of the organs of digestion and nutrition, except cancer of the stomach, purifies the blood, increases the vital energy and enables the body to resist and throw off disease. Even when there is emaciation, weakness, hectic cough, bleeding at the lungs and other alarming symptoms, "Golden Medical Discovery" can be counted on to help every time and to heal 98 times out of every hundred.

Sick people can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, without fee or charge. Every letter is read in private, and treated as a sacred confidence. All replies are sent in plain envelopes.

Last spring I was taken with severe pains in the chest, and was so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better. I took five bottles of it and have not had any return of the trouble."

Headache is cured by using Dr. Pierce's Pleasant Pellets.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU HIGH POINT, N. C. Sept. 13.

Mrs. Geo. A. Matton and child returned home last evening.

E. H. C. Field left on the 9:13 train last night for Richmond, Va.

About forty colored people from this place went to Norfolk last night. Surely times are getting better.

Mrs. Dicks and daughter, Louise, of Randleman, passed through from the south last evening enroute home.

J. R. Pickett, Frank Brown and E. Brown of this city took advantage of the special rate to Norfolk last night.

Miss Ethyl Ward, of Salisbury, who has been visiting relatives for some time in the city returned home last night.

The I. O. O. Fellows have removed from their rooms upstairs of Wheeler building to the J. O. U. A. M. hall, Groome building.

P. E. Johnson, C. M. Crawford, J. E. Jones, Chas. Willis and Dr. J. W. Bur on went down to Greensboro on the early morning train.

R. L. Pickett has moved into his residence on Steele street. Glad to know Mrs. Pickett has improved sufficiently to make the change.

That tent on Main street just below J. M. Seehrest's store has been removed. The time for rapt lemonade and root beer has now passed.

W. P. Booker and family, of Hillsboro have moved to High Point. At present they are domiciled at the home of J. S. Wilson where they will remain until a suitable house can be secured. We welcome them to our city.

We are told that an amusing incident occurred in the graded school yesterday morning. A little boy belonging to the first grade was misused from his class and after a search was found among the third grade students. Quite a rapid promotion for the little fellow.

We visited the National Lounge and Bed Spring factory yesterday, and were agreeably surprised to note the progress this enterprise is making. The class of work this firm is turning out just simply can't be excelled anywhere in the south. We bespeak for this new enterprise a bright future.

A young man by the name of Allen while operating a rip saw at the High Point furniture factory yesterday afternoon about 5 o'clock got his left hand caught in the cruel machine which severed a thumb, two fingers and otherwise mutilated that useful member of the body. Drs. Stanton and McNally had charge of the patient and dressed his wounds nicely.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy. Read his editorial. From the Times, Hillsville, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but not the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—J. What's In a Name?

In an article on Indian names Mr. Frank Terry comments on the odd effect produced by giving rein to this fancy for distinguishing appellations in the naming of Indians. Often their native names are unpronounceable and the translations long and not in accordance with our ideas of what is pleasing. So, instead of simply turning Bear-Ste-Down or Male-Kicks-Up or Jumping Rabbit into English, the Indian is renamed entirely, and is given the first famous name that comes to mind.

"William Penn, Fitz-Hugh Lee, David B. Hill and William Shakespeare," says Mr. Terry, "are policemen at the Shoshone agency, Wyoming. Only a short while ago it was reported that an Indian reservation in New Mexico William Breckinridge arrested John G. Carlisle for being drunk and disorderly."

"It would no doubt surprise the reader of this article if I say that I have seen George Washington, John Quincy Adams, Franklin Pierce, Rip Van Winkle, Allen G. Thurman and Hilary Herbert engaged together in a game of shinner. Yet this interesting spectacle has gazed upon, and I have been the enforced witness to a severe spanking administered to James G. Blaine."—Youth's Companion.

Lizards That Crow New Eyes.

The tuatara lizard of New Zealand is said to be one of the most ancient forms of animal life now existing. It originally possessed four eyes, but now has but two. It lays eggs, and these take not less than 18 months to hatch out, the embryo passing the winter in a state of hibernation.

These remarkable animals are found only in one or two places in the colony, and they are rapidly becoming scarce, as collectors from every part of the world are continually on their track. They are about 18 inches in length, and many of the lizards are said to have the characteristic of being able to replace portions of their limbs, etc., which have been destroyed. One owned by Mr. Carl Hanser of Awanui had the misfortune to lose an eye some time ago, and now a complete new eye, as perfect as the undamaged one, has grown in the place of that lost.

While the eye was developing the lizard seemed to be no more inconvenient than a human being in the growing of finger nails or hair.

Trying It on the Dog.

Lemon lives on the South Side. Carter, his arch enemy, lives next door. Trouble has been brewing, and Lamson was aching to give Carter "a piece of his mind," when he suddenly conceived a brilliant idea.

He bought a cheap dog of questionable breed and named him Carter. Whenever Mr. Carter was outside his house, Lamson would let his dog out, and standing on his doorstep he would fire the following or similar scolding talk at the canine:

"Carter, you are a cur. Your mother had the mange. I am going to kick the stuff out of you, you miserable thing. If you were not so hungry looking, I would kill you. You ain't even good enough for sausage meat, you loped, cheap, good for nothing."

The neighbors wonder why Mr. Carter does not have Mr. Lamson arrested, but Mr. Carter has discovered the base plot and will move next week.—Chicago Journal.

His Annoying Problem.

"I wonder," she said, knitting her brows in a perplexed way, "whether" And then she paused. It was her first experience in keeping house on an allowance, and naturally many problems presented themselves.

"I wonder," she repeated, "whether, when woman comes into her proper sphere and exercises her rightful influence, if she legislates the first of every month out of existence the bills will come in the second day or will be entirely abolished. I think the plan would be worth trying, anyway."—Chicago Post.

Didn't Admire American Children.

An American lady in Berlin had occasion to talk to her hostess about American children. "I have read of them," said the German woman proudly. "I have of them in English read. I have two stories read that I might know. I do not wish to go to America. I have read 'Peck's Bad Boy' and 'Helen's Babies.' Ah! I stay by the German 'children' so!"—New York World.

A Bamboo Bridge.

A British consular report from the far east describes a suspension bridge of 300 feet span made of bamboo. The cane is split up into fibers and twisted together to form the cables. Considering its span, the material of the structure is quite remarkable. The old tradition that almost anything can be made out of bamboo receives here a good illustration in the field of engineering.

Ability is a poor man's wealth.—M. Wren.

"I suffered with piles eleven years before using DeWitt's Witch Hazel Salve; now my health is fully restored—I feel like a new born man!"—Conrad Stange, Pier, Minn. A soothing, healing preparation of standard merit beware of worthless counterfeits. Howard Gardner.

Adam may not have been a model husband, but Eve never found any letters in his fig leaves that she had given him to mail a month before.

The great success of Chamberlain's Colic, Cholera and Diarrhoea remedy in the treatment of bowel complaints has made it standard over the greater part of the civilized world. For sale by C. E. Holton, druggist.

DeWitt's Little Early Risers permanently cure chronic constipation, biliousness, nervousness and worn-out feeling; cleanse and regulate the entire system. Small, pleasant, never gripe or sicken—"famous little pills." Howard Gardner.

SOCIAL AND PERSONAL.

E. E. Richardson left last night for Chattanooga.

Hon. Chas. A. Cook, of Warrenton, was in the city last night.

W. C. Crist, of Salem, was here this morning going to Reidsville.

Capt. W. H. Day, of Raleigh, was here last night. He went to Asheville.

W. L. Stamey, the Telegram's High Point representative, is in the city today.

Judge Shepherd and R. H. Battle, of Raleigh, were here last night going to Asheville.

Miss Nan Lemmon, of Charlottesville, Va., is visiting the family of Dr. Wilson, on Church street.

Mrs. Settle, wife of Lieutenant Douglas Settle, arrived in the city last night to visit the family of H. N. Thomas Settle and other relatives.

W. P. Ragan, of High Point, came down this morning. He smiled when asked what he was here for and said "Oh, I just had a little business here today."

H. E. Fries, of Salem, was here this morning returning home from the north where he has been in the interest of the Fries power plant on the Yadkin river.

Otis Calls for Ammunition.

Washington, Sept. 12.—General Otis has cabled the war department, requesting 5,000,000 rounds for "small arms. Orders will be issued directing the Benecio arsenal, California, to ship the ammunition as speedily as possible. Besides this supply, nearly 3,000,000 rounds will be shipped with the ten volunteer regiments and thousands of recruits which will sail for the Philippines early in October.

Shot into a Negro Church.

Columbia, S. C., Sept. 12.—A crowd of whites, full of whiskey, went to a negro camp meeting in Lancaster county last night and fired into a crowded church. The negroes returned the fire, and the whites scattered. Two whites and a number of negroes were seriously wounded.

Olives Himself Up.

Mr. Fred Marrow, of Townsville, N. C., who beat his washerwoman terribly and ran away on her death, as reported several weeks ago, returned to Henderson on yesterday and delivered himself up to the authorities.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaint and the only one that never fails. It is pleasant, safe and reliable.

The health officer of Kansas City blames prosperity for the non-removal of garbage, saying that the people can afford to eat more, and consequently their garbage barrels fill up so fast that the garbage men cannot keep them properly emptied.

Kodol Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It "digests what you eat" and positively cures dyspepsia. M. A. Kotron, B'omni-gdale, Tenn., says it cured him of indigestion of ten years' standing. Howard Gardner.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

There's always hope while there's One Minute Cough Cure. "An attack of pneumonia left my lungs in bad shape and I was near the first stages of consumption. One Minute Cough Cure completely cured me," writes Helen McHenry, Bismark, N. D. Gives instant relief. Howard Gardner.

"Best on the market for coughs and colds and all bronchial troubles; for group it has no equal," writes Henry R. Whitford, South Canaan, Conn., of One Minute Cough Cure. Howard Gardner.

National Philatelic Associations are holding a convention at Detroit, Mich.

Beats The Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50c. and \$1.00. Guaranteed to cure or price refunded.

YELLOW FEVER.

No New Cases at New Orleans, but Twelve at Key West.

Washington, Sept. 12.—Surgeon General Wyman had very few advices today from the yellow fever districts. He has heard nothing indicating new cases at New Orleans. Surgeon Carter, one of the best yellow fever experts in the service, has been ordered there from Key West and left last night. The surgeon-general, as a precautionary measure, has ordered all steamboats from New Orleans inspected at Natchez, Memphis and Vicksburg. Both the secretary of the state board of health and Surgeon Murray report that there is no yellow fever at Vicksburg.

There is, however, one case at Jackson and one authentic case at Mississippi City. The latter is strictly guarded.

At Key West Dr. Adams reports twelve new cases, but no deaths, with several physicians to hear from. At Port Tampa City there is only one case.

WINE OF CARDUI

Woman Knows Woman.

I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

WINE OF CARDUI

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. It is any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from month to month, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

BRIEF LOCAL MATTERS.

S. H. Taylor, of Winston, was here at noon.

C. J. Cox, a prominent merchant of Pilot Mountain, was at the Allen last evening.

Frank Miller, Jr., passed through last evening on his return to Winston from Chapel Hill.

Today, considering the large crowd in town, is the quietest show day ever seen in Greensboro.

About noon today a freight train going south carried a large and handsome new engine for the L. & N. railway.

Evangelist Gales returned from Graham today, where he has been conducting a revival meeting and reports good results.

Caught as we went to press: The man who came to town to see the parade, left before it was over. He saw the steam piano and —

R. C. Critz, of Winston, passed here today enroute to Petersburg, Va. He was accompanied by his two daughters, who will attend school there this year.

Mrs. M. L. Jones and daughters, Misses Lizzie and Mamie, and son, Frank, of Winston, were here today on their return home from a visit to relatives in Orange county.

A private car of the Seaboard Air Line passed here last night going to Asheville. It contained officials of the road who were enroute there to appear in the tax assessment cases.

Charles F. Lumsden, of Raleigh, grand messenger of the Sovereign Grand Lodge of Odd Fellows, was here today, on his way to Detroit, Mich., to attend the meeting of the Sovereign Grand Lodge.

All of our Greensboro merchant show exceptionally good taste in displaying their goods. But the show windows at Kaufmann's and Matthews' each show the fine hand of the artist. They are always attractive enough to catch a Parisian's eye.

Rev. Dr. T. N. Ivey, of the Raleigh Christian Advocate, will preach at the G. F. College some time during next month. It will be announced through the papers here. His hosts of friends will be glad to see him in the city and hear him preach again.

A gentleman from Alamance church neighborhood, who was in the city today, reports that an old turkey gobler has turned hen out there and has been setting on a guinea nest of 24 eggs for four weeks and that when he left home this morning he was hatching out young guineas.

The new scenery in the Academy of Music will be handsome. The drop curtain is complete and shows a railroad train on the Southern along the beautiful French Broad river, with a mountain scene in the distance, with the rising sun showing the first tints over the top of the mountains. Rees & Bond are doing the work.

THE CIRCUS TODAY.

The Most Popular Show Traveling in the South.

The advent into our city of the John Robinson show, which is the most popular that ever traveled south, brought a large number of people into the city today. Not as many, however, as have been here before on circus days. This is accounted for by the fact that this show was in Winston yesterday and will be in Reidsville tomorrow. Stopping so near and on both sides of us curtailed the crowd, but the weather is perfect, and great numbers of people came in from the country, consequently the seating capacity of the large tent is pretty comfortably filled this afternoon.

The parade was a long and attractive one and was viewed by the thousands who lined the streets with much interest. The bands of music are first rate, and the horses and vehicles are in good trim.

Capt. F. B. Wilson, the genial and versatile press agent, called on us this morning. He has been a long time in the show business, traveling in this country and Europe, and understands his business thoroughly. "Old" John Lowlow, the veteran clown, is also along and his many old friends are glad to see him.

Is the Seaboard Coming?

The report that the Seaboard Air Line will extend itself from Carthage to Greensboro is not generally believed, although there is stated to be good ground for the rumor.

DAY OF ATONEMENT.

Fasting and Prayer—Ceremonies Observed by Hebrews.

At sundown today begins the Jewish Day of Atonement, a day observed with more or less rigor and ceremony in orthodox and reformed synagogues. It is essentially a day of fasting and prayer, and the members of the orthodox synagogues neither eat nor drink anything throughout the day. Most of the day is spent in the synagogues, where the services are of a most solemn and impressive character. A memorial service is also included in the days ceremonies.

The day will be observed in this city by the Hebrews. There being no synagogue here, the usual ceremonies, beyond fasting and prayer, will be omitted, but their stores and places of business will be closed.

Taking in the situation around Manila. Now let Uncle Sam relieve Otis and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him know no such thing as defeat, and to just say that Jackson's in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted in this way you see we only buy from first hand, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Chalotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon
